

# *Christian Angel Smile* FOUNDATION

The Christian Angel Smile Foundation is a non profit organization which was formally founded in 2007 by Peter, Desi and Christiana Souhleris. Together with family and friends, the CAS foundation helps less fortunate families during the holiday season.

**The foundations mission is simple:**

To feed as many families as we can during the thanksgiving and Holiday Season, as well as provide children with as many gifts as we can for Christmas.

All the proceeds that are raised from the fundraisers are used to purchase enough food to provide families in need with a large food basket filled with all the fixings and provisions needed to enjoy a complete and satisfying meal during the holiday season.

We depend on the generosity of others to supply the CAS foundation with charitable donations that can be used for either purchasing the food needed directly or gifts that can be used to raise money through our silent and live auctions on the day of our events.

Its times like this were we can make a small contribution that will echo greatly for those who are less fortunate. We all get involved in our everyday busy and often hectic lives so this is our way of making it a bit easier for individuals who may want to offer support to those in need, but do not know where to begin .

Because of your contribution whether it is large or small, many families will enjoy a great meal this year and hundreds of children will once again shine with "Angel like Smiles"

Thank you again in advance for helping families celebrate with a warm meal and gifts to enjoy during the Holiday season. God bless you, Happy Holidays.

The Souhleris family....
